

THREE CONFIGURATIONS · ONE PLATFORM

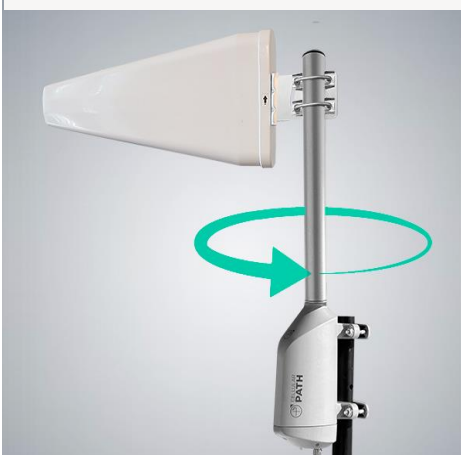

SAME ROTATOR · SAME SOFTWARE

Pick the SOCA for your DAS or FWA needs

Every SOCA shares the same auto-aiming rotator, the same iOS / Android app, and the same web portal. The configuration changes to match how you sell — booster & DAS, FWA with a customer router, or Starlink-bonded multi-path resilience.

PRODUCT 01 · FLAGSHIP

Smart SOCA

BEST FOR

- Booster & DAS integrators
- Single-carrier optimization
- SMB / enterprise / residential

IN THE KIT

- SOCA Rotator (outdoor)
- Smart controller w/ Telit modem
